

iTRACK

1.LEDS

High-power LEDs COB, offering high performance in an easy to use platform. Light colors: Warm white, Neutral white.

2.Housing

Made of die-casting aluminum and designed in support of the heat dissipation function. The latest heat dissipation housing, with optimized heat dissipation structure, which facilitates the heat exchange quickly from aluminum alloy die-casting housing to the air.

3.Lens System

Transparent polycarbonate lens cover, with 98% diffusing efficiency.

4.Adapter

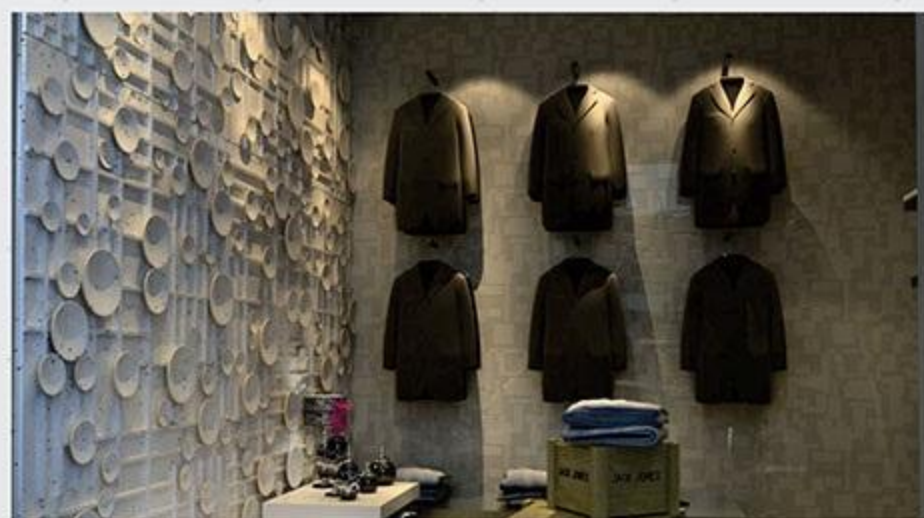

Providing adapters of 3 phase in order to meet requirements of installation.

5.Structure design

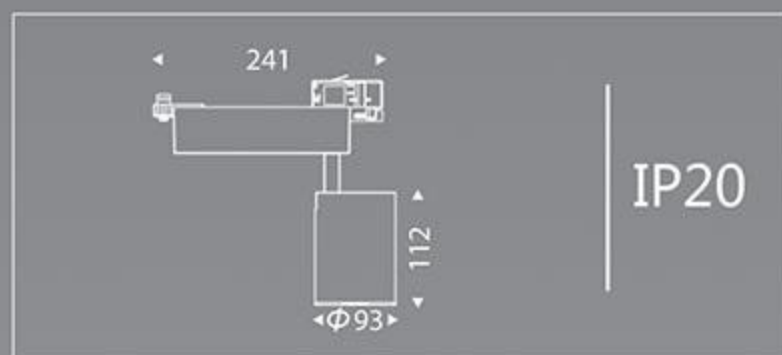

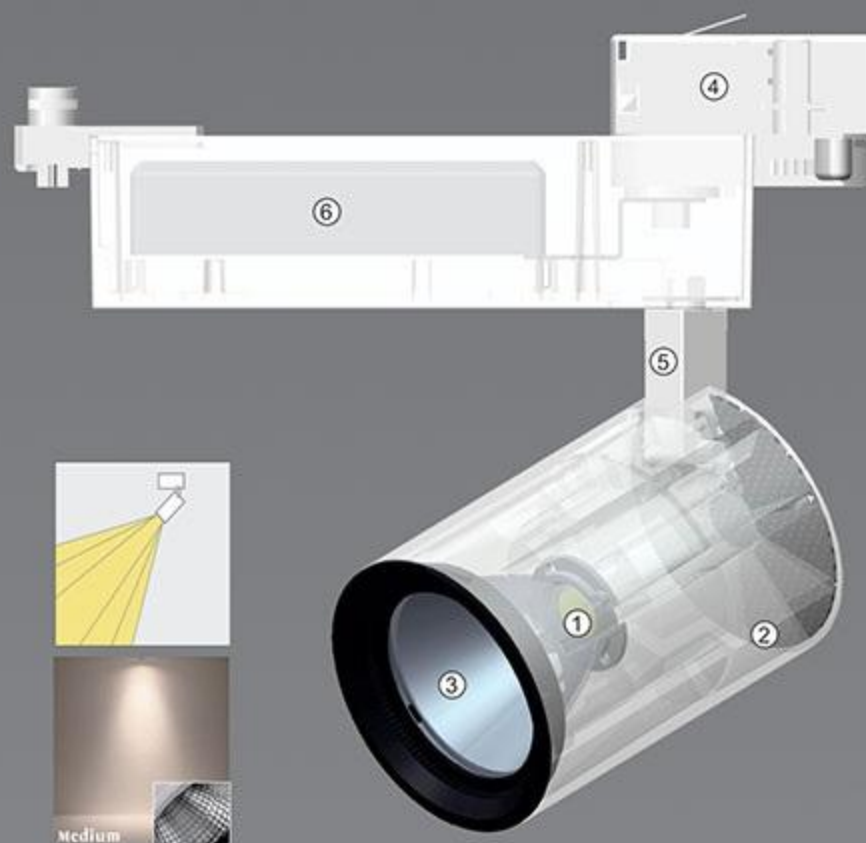

Housing and driver separated, with better heat dissipation, can effectively extend the lifespan for the light. The fixture security for suspension locked used. Solution available for different assembling: Horizontal Track type, Surface-mounted type.

6.Flicker

Flicker free

2 Years Guarantee

Suitable for indoor use

Comply with CE certification

The electrical grade is class 1

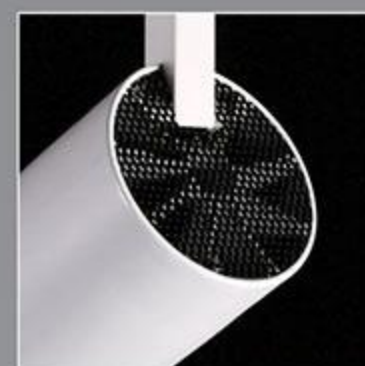

Protection level is IP20

High efficiency reflector

CRI >> 90
