Flexible Linear Light

The flexible linear light is one of the new products from the SPL lighting group. This flexible light can be installed and used in both indoor and outdoor spaces, features UV protection, and comes with a three-year warranty. The flexible linear light is available in three models: TB, TC, and 360-degree flexible linear light, which we will introduce in detail below.

FLEX LIGHT

Linear Light

Line Light : SPL-TC

Line Light : TB

Electrical Information for Linear Light, Flex Light(TOP) TC/TB

These lights come with different light intensities and power ratings, as follows:

Code: TC-24V-Flexi / linear light / 15 w/m, 1700 lm/m

Color Temo: 3000k-4000k

Length: 5m CRI>80

Code: TB-24V-Flexi / linear light / 14 w/m, 900 lm/m

Color Temo: 3000k-4000k-6000k

Length: Customized CRI>80

Name tags: LED

Type: Indoor / Outdoor space

Usage category: Indoor space

Brand name: Recessed SMD LED light

Application: Kitchen lighting, living room lighting, workspace lighting, hallway lighting, rooms, halls and stairways, building facade lighting

Linear Light

Line Light : Flexi-1020

Line Light : Flexi-Skeleton

Electrical Information for Linear Light, Flex Light(SIDE)1020 & Skeleton

These lights come with different light intensities and power ratings, as follows:

Code: 24V-Flexi-1020-SideBend & Skeleton / linear light / 14 w/m, 600 lm/m

Color Temo: 3000k-4000k

Length: Customized CRI>80

Name tags: LED

Type: Indoor / Outdoor space

Usage category: Indoor space

Brand name: Recessed SMD LED light

Application: Kitchen lighting, living room lighting, workspace lighting, hallway lighting, rooms, halls and stairways, building facade lighting

Top Bending

Mini Bending Diameter: 50mm

Side Bending

Mini Bending Diameter: 200mm

Linear Light

Line Light : 360-Flexi-NW

Line Light : 360-Flexi-Black-RGB

Electrical Information for Linear Light, Flex Light(360°)

These lights come with different light intensities and power ratings, as follows:

Code: 360-24V-Flexi-NW / linear light / 16 w/m, 900 lm/m

Color Temo: 4000k

Length:5m CRI>80

Code: SPL-360-24V-Flexi-Black-RGB / linear light / 14 w/m

Color Temo: Multicolor/RGB

Length:5m CRI>80

Name tags: LED

Type: Indoor / Outdoor space

Usage category: Indoor space

Brand name: Recessed SMD LED light

Application: Kitchen lighting, living room lighting, workspace lighting, hallway lighting, rooms, halls and stairways, building facade lighting
